## **Introduction**

1. Section 88P of the School Standards and Framework Act 1998 requires Local Authorities to make an annual report to the adjudicator.
2. The School Admissions Code (the Code) at paragraph 6 sets out the requirements for reports by local authorities. Paragraph 3.23 specifies what must be included as a minimum in the report to the adjudicator and makes provision for the local authority to include any other local issues.
3. There are other matters concerning admissions, some suggested by local authorities, about which it would be useful to have a view. Rather than undertake a separate exercise in which information is sought from local authorities, you are asked to include any relevant information in your report to the adjudicator.

## **Completing the Template**

**This template is designed to be completed electronically - boxes will expand as necessary.**

**Throughout this report, please include middle deemed primary schools as for pupils up to age 11 and middle deemed secondary schools as for pupils over 11. For schools that have children of primary and secondary age and are not designated as a middle school please record them as all-through schools.**

**Where a type of school is given, foundation covers foundation schools and foundation schools with a foundation (trust schools). Academy schools should be recorded by the individual type of academy school, namely, academy, free school, UTC or studio school.**

## 2. Admission Arrangements for Admissions in September 2014

The Code at paragraph 3.23 requires that each local authority must report on how well the admission arrangements for state-funded schools (of all types) in its local authority area serve the interests of the groups of children listed below.

Please include details of any problems that have arisen for these children while allocating places for admissions in September 2014, for example any admission arrangements for own admission authority schools that could be interpreted as implying the school has some discretion over the admission of children who have a statement that names the school or looked after children and previously looked after children other than the permitted exceptions.

(a) How well are the interests of **looked after children** served?

Tick as appropriate: Fully  In part  Not satisfactorily

Comments: Children who are in the care of the Local Authority are number one on the oversubscription criteria for all Isle of Wight Schools. The priority of these children is understood and respected by all Island schools. There is a draft protocol in place that will shortly be shared with schools to ensure the best education provision for looked after children.

(b) How well are the interests of **previously looked after children** served?

Tick as appropriate: Fully  In part  Not satisfactorily

Comments: Children who were previously looked after are also classed as number one on the oversubscription criteria for all Isle of Wight schools. In some instances we have not been informed that the child was previously looked after but where we have these children have been placed.

(c) How well are the interests of **children with disabilities** served?

Tick as appropriate: Fully  In part  Not satisfactorily

Comments: Children with a specific medical condition that has been confirmed by a consultant paediatrician or similar, which names a particular school the most appropriate and why it is essential they attend this particular school. This is number two on the oversubscription criteria for all Isle of Wight schools.

(d) How well served are **children who have special educational needs**

**and who have a statement of special needs** that names a school?

Tick as appropriate: Fully  In part  Not satisfactorily

- |     |   |
|-----|---|
| i)  | Comments: Have a statement of special needs that names a school: The named school must admit.                               |
| ii) | Have special needs, but do not have a statement: this is treated the same, when appropriate, as children with disabilities. |

(e) How well served are those **children who have special needs, but do not have a statement?**

Tick as appropriate: Fully  In part  Not satisfactorily

Comments: These children are treated in the same way as those that have a specific medical condition.
---

### 3. Co-ordination of admissions

Please assess the effectiveness of co-ordination of primary and secondary admissions for September 2014 in your local authority highlighting any particular strengths in the process and any problems.

(c) If you have any UTCs or studio schools in your area, do you co-ordinate admissions for entry at the relevant year group of entry to these schools?

Tick as appropriate: Yes  No  N/A

If **YES**, please explain how well the admissions process is working for these schools: This was the first admission round for the Studio School opening in September 2014. Because the application round was open at the same time as the normal admissions round some parents thought they could apply there for any year group not just 10. Next year we will have discussions to improve the published information and aim to coincide the publishing when students are choosing their options. The IW has a free school opening in September 2014 and whilst we didn't administer their admissions this year we will next year which will enable us to co-ordinate their admissions effectively as there were some delays this year in information being provided and their extension of the closing date.

If **NO** do you have any evidence about how well the admission process is working for individual UTCs or studio schools?

Tick as appropriate: Yes  No

If **YES**, please comment

B) In-year admissions

From September 2013 in-year admissions have not had to be co-ordinated by the local authority.
