## Reaching for Gold

### A BIG COMPETITION for groups aged 14-19

**Come up with the best community project!**

Think of a project which will have a positive impact in your area. You should be able to expand the project to collaborate with or compete against young people in other countries. It must be a project that tackles one of 3 areas:  
Youth, community or improving access.

**Make it happen with help from a leading business!**

The best ideas will be selected by our panel to go to the next stage and develop their project. Each group will be awarded a prize and will receive mentoring and support from national and international business partners.

## Win prizes!

At the Grand Final you will go head to head with other groups to pitch your idea in front of our judges. The winners go away with £3,000 (the two runners up will also win money) to put their project into action.
