

## Residents Parking Zone Permits

Residents' permits can be issued to residents living within an area in which a parking zone applies or to a business situated within an area in which a parking zone applies. Residents may also purchase visitors permits. These come in books of 10 permits for £5 and each permit is valid for one day only. They should only be issued to persons visiting the resident's property.

The schemes are introduced by the Isle of Wight Council Traffic Management and Road Safety team and are enforced and maintained by Parking Services. Any enquiries relating to the policy or the implementation of a zoned area (also known as residents' parking zones) should be made in writing to: Traffic Management and Road Safety, Enterprise House, St Cross Business Park, Newport, IOW, PO30 5WB.

The scheme is based on parking areas being divided into zones. This enables permit holders to park in any of the designated bays within their zone instead of being restricted to the street in which they live.

25% of the available parking spaces will be set aside for the exclusive use by permit holders at all times, the remaining spaces will be available for general parking for a maximum of two hours between 8am and 6pm, Mondays to Saturdays. Permit holders will not be subject to that restriction.

A maximum of two permits per postal address will be issued.

Are you eligible?

To check eligibility to apply, please check the chart below for your location. If you live within one of the areas specified, you may apply for a permit to park in this zone.

Roads or Parts of Roads for the Purpose of the Issue of Residents' Permits	Parts of Highway Authorised to be used as Street Parking Places
<p><b>ZONE R1</b></p> <p>Nelson Street, whole length on both sides.            Nelson Lane, whole length on both sides.            Nelson Place, whole length on both sides.
